## GWAC's

### **GSA 8(a) STARS**

**Contract No: GS-06F-0336Z**

**Contracting Officer: Mr. Howard Innis-(816)823-4658**

The new 8(a) Streamlined Technology Acquisition Resources for Services (STARS) GWAC is a small business set-aside contract for technology solutions. This new contract vehicle is the replacement contract for the 8(a) FAST. The contract vehicle is designed to promote small business utilization when purchasing technology solutions for the federal government.

### **Mission Oriented Business Integrated Service (GSA MOBIS)**

**Contract No: GS-10F-0042S**

**Contracting Officer: Mr. Dillan Sheppard-(253)931-7459**

MOBIS facilitates how the federal government responds to a continuous stream of new mandates and evolutionary influences including the President's Management Agenda; Government Performance and Results Act; Federal Acquisition Streamlining Act; OMB Circular A-76; Federal Activities Inventory Reform Act; government reinvention initiatives such as benchmarking and streamlining.

### **ECS III - NIH/NITAAC**

**Contract No: 263-03-D-0517**

**Contracting Officer: Ms. Millicent Manning-(301)402-3072**

Electronic Commodities Store III (ECS III) is an Indefinite Delivery /Indefinite Quantity (ID/IQ) contract to provide the NIH and other Federal Government Agencies with a full range of information technology products and services with an estimated value of \$6 billion over 10 years. Effective through November 26, 2012.

## Business Consulting

Global TechPro, a SEI-CMMI Level 3 company, assists organizations with developing a strategic understanding of ways in which business and IT can contribute to achieving overall organizational goals, and to develop awareness of the practical issues of integrating business and IT strategies. Our consultants regularly undertake business and IT strategic studies, business case development, feasibility studies, risk analysis and contingency planning, and help understand the importance of maturity models, their direct impact on your organizational growth and suggest road maps to process improvement and gap analysis.

## Database Support Services

Global TechPro provides professional quality database solutions for business applications and the web. We implement robust and adept solutions that integrate seamlessly into your business solution or web application. Whether you are new to database development or expert, we will make every effort to work with you closely to develop your project efficiently and cost-effectively. Global TechPro fully supports proprietary databases such as Microsoft, Oracle, DB2, Informix and other RDBMS. Global TechPro is committed to providing development, installation, and maintenance support for all popular database packages.

## Services

### Technical Competencies

- » Business Consulting
- » Infrastructure Services & Support
- » Database Support Services
- » Custom Application Development
- » Information Assurance

## Custom Application Development

Global TechPro's Software Engineering Process Group is capable of delivering engineered software compliant to SEI's CMMI Level 3 specifications. Organizations assessed at Level 3 have been shown to have more predictable and successful project deliveries and are rated higher in customer satisfaction. Continuous process improvement is our focus with the ability to provide a variety of services related to software design, development, maintenance and analysis. Our expertise includes but not limited to application development, systems programming and database design and administration.

## Information Assurance

Audit-certified staff deliver IA solutions that give clients confidence to conduct their business in a hostile information environment. Global TechPro IA solutions focus on the confidentiality, integrity, and availability of data and information systems including:

Enterprise security architectures  
Risk/vulnerability assessments  
Policy, plans, and procedures  
Awareness and training  
Incident response  
Disaster recovery
